

7-11 March, 2017 / KINTEX, Goyang, KOREA

Dear Sir/ Madam,

February 22, 2016

It's that time again, **KOPLAS 2017 exhibition** is upon us to present the global plastic market platforms. We would like to take this time and opportunity to invite you to take part in KOPLAS 2017, the 24th edition of Korea International Plastics & Rubber show. Not only will it present the entire spectrum of plastic technologies, but also show how it will improve the future of our environment.

KOPLAS 2017 will be held along with INTERMOLD KOREA and HARFKO from **March 7 to 11, 2017** for five days at KINTEX(Korea Exhibition Center 1 & 2), Goyang, South Korea. The regions plastic industry can be seen on the KOPLAS exhibition floor in the exhibition scale of 76,000sqm with 4,000booths for 900 exhibitors.

KOPLAS show and INTERMOLD KOREA(Korea Int'l Die · Mold & Related Equipment Exhibition) including HARFKO(Heating Air-Conditioning Refrigeration and Fluid Exhibition) which are supported by Korean government. It is scheduled to be held concurrently in 2017 for three industrial sectors such as plastics, rubbers, mold, heating and AC. It will be a chance to open a new market for related industry such as the interaction between plastics and mold industry and creating new markets where it will endeavor to show the plastics exhibition represented by Asia.

The KOPLAS offers you the best business networking opportunities. It is a festival for all people in the field of molding and plastics. Here you can have substantial business opportunities by meeting with buyers from divers field. It provides the widest domain for marketing through various of promotional channels and offers supreme business environments, which are underpinned by 90,000 buyers with substantial buying power.

In KOPLAS 2017, more than **450 exhibitors from 26 countries** are expected to make the showcase, and see the latest technology and information. Also **over 90,000 Local and global visitors** are expected to visit. This time, there will be chapters of contest for new technologies by exceeding the existing mount of plastics and rubber technologies.

What we have in effect here is more than just an event. It is an opportunity of a life time to start making changes in our society and our lives. We are certain, you will not be disappointed and would not want to miss. Please find the enclosed brochure that will give you all the details of the show.
